Dear Sir/Madam,

This is with reference to your advertisement for the subject position that I am prompted to propose my candidature.

Qualified **B.Tech. in Mechanical Engineering** from Gyan Vihar School of Engineering and Technology, affiliated to Rajasthan Technical University, I have acquired approx. **Ten year** of industrial experience as **The Indian Hume pipe co. ltd as a Production Manager posted at kekri Ajmer**, and have hands-on experience in **Production Management and Maintenance**.

I am seeking a responsible position in a progressive organization to excel, by utilizing my expertise to the optimum. I look forward to career advancement by shouldering broader responsibilities to attain organizational objectives, while bringing about personal & professional enhancement.

My ability to learn quickly, efficiently apply what I have learnt and acceptance of challenges would help add value to every assignment that I am a part of. I am looking for an opportunity to be among the best so that I can work harder to attain my ultimate career goals.

The above credentials along with my enclosed resume make me ideally suitable for a position in your organization and I would appreciate an opportunity for a personal interview.

Yours sincerely

Ashish Joshi
