

RESUME

Yogesh Arun Janjal

B.E. Mechanical

Mob. No: - 8806898297

Email ID:-janjal.yogesh78@gmail.com

Career objective:

To develop my career as a valuable team member, contributing with quality ideas and optimum potential for an organization where there is an ample scope for individual as well as organizational growth.

Work Experience in Maintenance: 7 Year 1 Months

Company name - Laxmi metal pressing works pvt tld MIDC Waluj Aurangabad (Aug-2023 to till the date)

Designation - Engineer Maintenance

Responsibility -

- Responsible for PM ,CBM, TBM & breakdown of fixture, cutting m/c, resizing m/c, forming m/c, rolling m/c, wet leakage testing mc, dry leakage testing mc, welding SPM, marking m/c ,Tig welding SPM, Co2 arc welding m/c
- Documents works- V7 , PM kit, torch angle template, run-out, spare management, setup aprovel , machine histry card , fixtur setting monitoring check sheet, MTTR, MTBE document updation work
- Maintenance & repair of hydro-pneumatic cylinder, pneumatic cylinder,solenoid vale, hydraulic pump, electric motor bearing
- Outside tool room work for fixture and tooling .
- To attend the breakdown
- Make why-why analysis of breakdown
- Changeover of fixture
- To read a CMM report and make correction fixture
- To help in reducing cycle time and automation of fixtures.
- To help in developing existing tooling and fixtures.
- To provide Pokayoke and kaizen at required stages.

Company Name - Blue star ltd work at Bosch ltd Nasik site (Dec-2022 to July -2023)

Designation - Engineer Maintenance

Responsibilities -

Supervision & Maintenance of all given machines

- To handle a manpower and plan shift schedule of Technician1
- IR water cooled Centrifugal Compressor Cap-3000 cfm & 2200cfm
- Cameron water cooled Centrifugal compressor Cap- 1500 cfm
- Suller Screw Air cooled compressor Cap -980cfm
- ILGI screw water cooled compressor Cap-830 cfm
- Kirlosker Centrifugal Chiller Cap - 500 TR, Kirloskar screw chiller Cap -430 TR , Alpha level PHE Cap- 500TR, Cooling tower 500TR, DI water plant , Drinking water plant, Hot water plant cap- 600000 kcal/hr
- AHU AMAX Cap - 80000 CFM, Kirlosker water cooled chiller cap -180 TR, Carrier water cooled chiller Cap- 375 TR, Carrier chiller air cooled 75 TR, HVAC system, Cassatt AC, split AC Panel AC , BMS System , Goods lift
- To plan preventive maintenance and Holiday work plan
- Spare management & requirement
- To update water consumption record
- To update utility machine power consumption record
- To prepare PM schedule sheet
- To prepare daily Work report
- To update MTTR & MTBF

Company Name-Epitome component pvt ltd Ahmednagar Supa (April-2022 To Nov-2022)

Designation- Maintenance Engineer

Responsibilities -

Supervision and maintenance of all given machineries

- Atlas copco Compressor, Water chiller 6TR to 50TR, Cooling tower, Dust collector, Fumes Scrubber, Goods Lift Cap-1000kg, DM water plant Capacity- 10000ltr/hr, HVAC system, Ductable AC & Cassette ,AHU (air handling unit)
- To plan preventive/predictive and shutdown maintenance for machine
- To coordinate with production department for machine availability
- To record water consumption & management
- New machine installation and commissioning
- To handle the AMC, take the record of service and maintenance, spare material consumption & management , material requirement as per specification , coordinate with purchase department for required material res.
- To provide Pokayoke and kaizen at required specification
- To manage manpower , to aware operator & technician about safety , 5S Activity and machine operating & maintenance

Company name- Metalman auto pvt ltd waluj midc Aurangabad (May-2018 to March -2022)

Designation – Maintenance Engineer

Responsibilities –

- Overhead conveyor maintenance PM, JH, TBM, CBM activity
- Forward conveyor maintenance PM, JH, TBM, CBM, activity
- conveyor breakdown handling
- Welding SPM PM, JH, TBM, CBM
- Auto buffing (polishing) m/c maintenance & repairing
- Boring machine maintenance
- To handle hydraulic system problem
- Pneumatic gun maintenance & repairing
- Conveyor Gear box
- Pneumatic pressure regulator repairing

Utility maintenance

- (argon & CO2 gas mixture) gas bank maintenance PM TBM CBM & operating activity
- Compressor maintenance PM, TBM, CBM activity
- Compressor Air filter , oil filter ,oil ,oil separator in-house servicing
- Eco-drain valve in-house repairing

- GOODS lift maintenance PM TBM CBM activity
- RO plant backwash flushing and maintenance activity
- Water-cooler JH,PM activity
- Air cooler JH,PM activity
- CO2 inverter machine repairing
- electrical wiring
- pannel wiring

Fixture maintenance

- Responsible for PM, JH of fixtures.
- To attend the breakdown
- Make why-why analysis of breakdown
- Make kaizen
- Changeover of fixture
- To read a CMM report and make correction fixture
- To help in reducing cycle time and automation of fixtures.
- To help in developing existing tooling and fixtures.
- To provide Pokayoke and kaizen at required areas.
- Helping R&D dep in new fixture trials and development

Educational qualification:

Sr.No	Degree/Diploma	School /College	Board/University	Percentage	Passed Year
1	BE (Mechanical Engineering)	Gurunanak Institute of Engineering & Management Nagpur	RTMNU Nagpur University	59.13	2014
2	Diploma (Mechanical Engineering)	MSBTE	Mumbai	62.29	2010
3	HSC (MCVC)	Govt. Technical Jr College Akola	Amravati	74.83	2008
4	SSC	Mahatma fule Vidyalay Mrgaon Bhakare	Amravati	43.64	2006

Computer literacy:

- Certificate course in **CAM &CNC** Machining (Short Term Course)
- Integrated Course in CATIA PROE Parametric & Basic Hydraulics (Short term)

Project :-

- Fabrication of Shearing Machine Working On Electromagnetism.
- To reduce the cycle of metering machine

Personal Information:-

Permanant address : At post morgaon bhakare, Tq. Dist Akola pin:-444109

Father's Name : Arun Sukhadeo Janjal

Mother's Name : Nanda

Gender : Male

Date of Birth : 14/12/1986

Language Known : Marathi, Hindi, & English

Marital Status : Married

Place :-

(Yogesh A. Janjal)
