Kanpur 209115 ♦ +91-9730351957 ♦ ashishsachan390@gmail.com

PROFESSIONAL SUMMARY

Results-driven Senior Manager with expertise in business operations and a focus on team success. Employs strong analytical and decision-making skills to streamline processes, reduce costs, and enhance organizational efficiency. Recognized for collaborative problem-solving in fast-paced environments, delivering impactful solutions that drive performance.

WORK HISTORY

Sr. Manager, 06/2025 - Current

Gyandhara Industries Pvt. Ltd (Animal Feed) Trishundi UP – Trishundi, UP

- Coordinated engineering, human resources, accounts, safety, and quality control departments to optimize work processes and enhance production efficiency across factory.
- Coordinate among engineering, human resources, accounts, safety, and quality control departments to optimize work processes and enhance production efficiency across the factory.
- Collaborate in the development of monthly and annual production plans that address the diverse needs of customers, ensuring timely delivery of various types of feed.
- Managed production activities by reviewing production reports, analyzing performance data, and presenting insights to board of the the board of directors for informed decision-making.
- Oversee maintenance operations, working with the maintenance team to develop and execute plans that ensure equipment reliability and minimize downtime.
- Evaluated employee performance and determined staffing needs while engaging with regulatory authorities to ensure compliance with industry regulations and secure necessary approvals.
- Utilized **Buhler & Cremach machinery** to enhance production efficiency.

Sr. Manager, 07/2024 - 06/2025

Paras Nutrition Pvt. Ltd (Animal Feed) Karnal Haryana – Karnal, Haryana

- Oversaw operations of feed mill, including production, quality control, and maintenance, ensuring efficient processes and compliance with safety and regulatory standards.
- Develop and implement production schedules and strategies to meet customer demands while optimizing resource allocation and minimizing operational costs.

- Managed diverse team, providing training and support to enhance performance and ensure adherence to company policies and procedures.
- Analyze production data and key performance indicators (KPIs) to identify areas for improvement, implementing process enhancements to boost productivity and product quality.
- Analyzed production data and key performance indicators (KPIs) to identify improvement areas and implemented process enhancements to elevate productivity and product quality.
- Utilized **Spectom machinery** to enhance production efficiency.

Plant Manager, 04/2022 - 07/2024

Skylark Feeds Pvt. Ltd (Poultry & Animal Feeds) Safidon Haryana – Safidon, Haryana

- Supervise and lead all maintenance processes and operations.
- Maintained raw material and finished goods stock levels to ensure availability.
- Coordinated with vendors for spare parts and developed vendor relationships to improve supply chain reliability.
- Maintained Pellet Mill, Hammer Mill, Blower, Cyclone, Dust Collector, Conveyor, Elevator to ensure operational efficiency.
- Document and prepare daily progress reports and maintenance logs.
- Planned preventative maintenance utilizing agreed schedules and reactive maintenance.
- Ensure your engineering stock of spares is maintained along with sourcing parts.
- Maintenance of Pellet Mill, Hammer Mill, Blower, Cyclone, Dust Collector, Conveyor, Elevator.
- Maintenance of Gearbox, Valve, Pump, Air Compressor.
- Addressed issues of plant breakdowns, faults, and leaks to maintain operations.
- Minimized plant downtime by promptly addressing mechanical failures through effective troubleshooting.
- Performed maintenance tasks on air compressor to ensure optimal performance.
- Utilized **Buhler & Cremach machinery** to enhance production efficiency.

Manager – Maintenance, 10/2020 - 04/2022

Maharashtra Feeds Pvt. Ltd (Poultry & Animal Feeds) Lucknow – Lucknow

- Supervise and lead all maintenance processes and operations.
- Planned preventative maintenance utilizing agreed schedules and reactive maintenance as required.
- Planned preventative maintenance utilizing agreed schedules and reactive maintenance.
- Minimize plant downtime due to mechanical failures.
- Ensure your engineering stock of spares is maintained along with sourcing parts.
- Documented and prepared daily progress reports and maintenance logs to maintain accurate records of maintenance activities.
- Resolved plant breakdowns, faults, and leaks promptly to minimize production interruptions.
- Maintenance of Gearbox, Valve, Pump, Air Compressor.

- Conducted routine air compressor maintenance to prevent operational issues.
- Utilized **RK machinery** to enhance production efficiency.

Mechanical Maintenance Engineer, 04/2012 - 10/2020

Kapila Cattle Feeds Pvt. Ltd (Animal Feed) Kanpur – Kanpur

- Maintained records of preventive maintenance, spare parts, breakdowns, and service lists.
- Planned and implemented modifications to minimize equipment breakdowns.
- Maintained detailed history cards for all machinery.
- Maintenance of Pellet Mill, Hammer Mill, Blower, Cyclone, Dust Collector, Conveyor, Elevator, Boiler.
- Maintenance of Gearbox, Valve, Pump, Air Compressor.
- Monitor plant condition on a regular basis to prevent unnecessary equipment failures.
- Ensure the mill is maintained and works are carried out in a safe manner.
- Maintenance of Air Compressor, DG.
- Utilized **Cremach & Hindustan machinery** to enhance production efficiency.

Graduate Engineer Trainee, 01/2011 - 03/2012

- Maintained gearboxes, pumps, and valves to ensure operational reliability.
- Maintenance of Lathe Machine.
- Maintenance of all gearboxes, Pump, Valve.
- Ensured compliance with safe working practices to promote workplace safety.
- Maintained CNC and VMC machines for optimal performance and precision.
- Insist & Ensure compliance of safe working practice.
- Operated **Fanuc and Siemens machinery**.

EDUCATION

B.Tech/BE: Mechanical Engineering, 06/2010

Rajiv Gandhi Proudyogiki Vishwavidyalaya - Bhopal, MP

GPA: 1st division

AutoCAD Design: Mechanical Engineering, 01/2009

CADDESK - Jhansi, India

Intermediate: PCM, 05/2006

Janta Inter College - Kanpur, India

GPA: 1st division

High School: Science, 05/2004

R D Bhatt - Kanpur, India

GPA: 1st division

SKILLS

- Operations planning
- Training and development
- Process improvement
- Time management
- Operations management
- Team leadership
- Technical proficiency
- Problem-solving
- Teamwork and collaboration
- Team development
- Decision-making
- MS Office proficiency
